C	PEPPERMINT OIL INDIAN	MENTHA PIPERITA OIL	VOEGELE	0,30
C	LIME OIL	CITRUS AURANTIFOLIA OIL	VOEGELE	0,30
				<b>100,00</b>

### Operating instructions

Operating Instructions
Mix A and B separately. Add B to A. Add C if desired.
Directions for use: Shake well to mix the bi-phase formula. After the shampoo or treatment, spray evenly 6 – 8 pumps onto towel dried hair. Do not rinse but comb and style as usual with your regular styling products.

The recommendations and formulations given are based on our knowledge and experience in the field of technical application.

They are, to the best of our belief, correct, but are offered without obligation.

Those who use our recommendations and formulations as well as those who process CLR Active Agents are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies.

This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
