### Operating instructions

#### *Operating Instructions*

Mix A and heat up to ~40°C. Cool down while stirring and add B in the given order at room temperature. Add C in this order and stir. Adjust pH value to 4,5-5,5 with D.

Directions for use:

Usage Hair: Apply to wet hair. Massage into scalp and hair for a few minutes. Rinse out thoroughly.

Usage Body: Apply to wet skin. Massage gently and rinse.

The recommendations and formulations given are based on our knowledge and experience in the field of technical application.

They are, to the best of our belief, correct, but are offered without obligation.

Those who use our recommendations and formulations as well as those who process CLR Active Agents are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies.

This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
