Operating Instructions

Mix A and stir until homogeneous. Add B and stir until completely soaked. Add C and adjust pH value to 5.5-6 with D .

Directions for use:

Apply an almond-sized amount of gel to the desired areas of the face. Gently stroke the skin with the massage stone at different angles for 5-10 minutes.

The recommendations and formulations given are based on our knowledge and experience in the field of technical application.

They are, to the best of our belief, correct, but are offered without obligation.

Those who use our recommendations and formulations as well as those who process CLR Active Agents are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies.

This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
