

CLR Formulation Concepts

Derma IQ Sleep Well Night Care

This snow white night care with its rich texture and pleasant fragrance is carefully designed to give stressed skin a comfortable rest during night. The health-focused consumer understands that healthy skin is beautiful skin and also that looking good is closely related to feeling good. As the number of people perceiving their skin as sensitive is increasing, there is a demand for goal-oriented products that provide relief from skin irritations such as skin redness and itching sensations.

AnnonaSense CLR provides skin with an innovative adaptogenic approach. Adaptogens stabilize physiological processes and promote homeostasis – a perfect balance. **AnnonaSense CLR** reduces the production of key inflammatory mediators and sustainably stabilizes a healthy homeostasis in skin. It reduces sensitivity and itching. Skin appearance, well-being and quality of life are clearly improved.

Directions for use:

Use every evening on cleansed skin. Gently massage into the skin.

Featured Product

AnnonaSense CLR – Adaptogenic approach for skin health

AnnonaSense CLR was designed to provide the skin with means to establish a sustainable homeostatic balance, improving skin health and well-being. The adaptogenic action of AnnonaSense CLR supports the endocannabinoid system (ECS) by activating the CB2 receptor. Inflammatory processes induced by the TRPV1 receptor, part of the skin's endovanilloid system (EVS) are strongly down regulated and a stable balance between the ECS and EVS is established. AnnonaSense CLR makes the skin less sensitive and more balanced, even itch could perceptibly be reduced. Skin appearance becomes clearly better and a consumer study showed that perception of well-being and quality of life were improved.

AnnonaSense CLR is obtained from *Annona Cherimola*, common name Cherimoya, an edible fruit originating from South America.

Dosage: 3.0%

pH range: > 5.2

INCI Name:

Annona Cherimola Fruit Extract

Manufacture:

Predisperse the Solagum while stirring at 1100-1300rpm for 10 minutes. Use a defloculator. Then add other ingredients of B. Heat up A and B to 85°C separately. Add A to B under stirring. Homogenize for 3 minutes by Ultra Turrax and cool down while stirring. Add C below 30°C and stir until uniform. Add D as desired.

Directions for use:

Use every evening on cleansed skin. Gently massage into the skin.
