

CLR Formulation Concepts

Derma IQ Relax Body Lotion

This very light body lotion will create a well-being moment every time you use it, leaving skin smooth and relaxed. It is carefully designed to provide stressed skin with a goal-oriented solution for well balanced and simply beautiful skin. Used as a summer body lotion or after sun lotion it will also take care of sun stressed skin and calm it down.

AnnonaSense CLR™ provides skin with an innovative adaptogenic approach. Adaptogens stabilize physiological processes and promote homeostasis – a perfect balance.

AnnonaSense CLR™ reduces the production of key inflammatory mediators and sustainably stabilizes a healthy homeostasis in skin. It reduces sensitivity and itching. Skin appearance, well-being and quality of life are clearly improved.

Directions for use:

Apply on the whole body and gently rub into the skin.

Featured Product

AnnonaSense CLR™ – Adaptogenic approach for skin health

AnnonaSense CLR™ provides the skin with means to establish a sustainable homeostatic balance, improving skin health and well-being. The potent adaptogenic action of AnnonaSense CLR™ supports the skin's endocannabinoid system by activating the CB2 receptor. Through this action, it reduces inflammatory processes induced by TRPV1. Histamine-, as well as TNF α /Substance P-induced stress is down-regulated and the expression of a vital detrimental receptor in skin, IL-31RA, is decreased. AnnonaSense CLR™ makes the skin less sensitive and more balanced, even itch is perceptibly reduced. Skin appearance is improved and the perception of well-being and quality of life is enhanced.

AnnonaSense CLR™ is obtained from *Annona cherimola*, common name Cherimoya, an edible fruit originating from South America.

Dosage: 3.0%

pH range: >5.2

INCI Name:

Annona Cherimola Fruit Extract
