

## CLR Formulation Concepts

# Luminizing Highlighter Stick

This Luminizing Highlighter comes in stick format and is therefore a perfect product to take it with you in your handbag to refresh your make-up look on the way. It can be used to contour, highlight or touch up the complexion. The highlighter will leave your skin with a radiant and beautifully illuminated look. The combination of **MultiMoist CLR™** and **Vitamin F forte** is perfect to give your skin a moisturized feeling during the day.

### Directions for use:

Can be applied around the eye/eyelid or on the orbital bone for a brighter appearance. Can also be used as a highlighter on the cheekbones, cupid's bow nose, and anywhere else you want a glow effect. Designed to be applied under or on top of make-up.

## Featured Products

### MultiMoist CLR™ – Mapping the moisturization puzzle

MultiMoist CLR™ activates production of the vitamin D receptor (VDR) and promotes the VDR's activation. MultiMoist CLR™ also potentiates the effect of vitamin D. As a consequence the skin becomes more moisturized. By making use of 5 different objective instrumental approaches, the immediate and long term moisturizing properties of MultiMoist CLR™ were convincingly proven. Additionally, the activity of MultiMoist CLR™ was proven in a consumer study, where the subjective improvement of skin moisture content, skin smoothness and the look of skin were confirmed.

MultiMoist CLR™ consists of a powerful synergistic blend of fructooligosaccharides and beta vulgaris (beet) root extract.

**Dosage:** 3.0%  
**pH range:** 3.0–8.0

**INCI Name:** Fructooligosaccharides, Beta Vulgaris (Beet) Root Extract, Water

### Vitamin F forte – Essential fatty acids nourishing skin

Vitamin F forte nurtures, protects and acts as a skin conditioner. It is particularly suitable for the treatment of dry, stressed and sensitive skin, potently supporting the skin in rebuilding and maintaining its natural healthy structure and functionality. Vitamin F forte also has some great benefits for hair. Vitamin F forte contains natural polyunsaturated essential free fatty acids originating from safflower oil, with a particularly high content of linoleic acid.

**Dosage:** 0.5–3.0%  
**pH range:** 3.0–10.0

**INCI Name:** Linoleic Acid, Linolenic Acid
