Come As You Are - All-in-One Clay Mask OW

This **All-in-One Clay Mask** is the perfect solution for a pure complexion. The contained clay has an absorbing effect and reduces oiliness and impureness. The combination of three highly effective active ingredients provides an all-in-one solution for a healthy, luminous glow.

Formulated with **MultiMoist CLR™** it will leave the skin with a well hydrated and smooth feeling. **CutiBiome CLR™** noticeably reduces sebum, papules, pustules and comedones, providing a pure complexion. **CutiFine CLR™** acts on all processes which make pores larger and more noticeable. It regulates the color of pores and refines skin texture and complexion with soft focus. **CutiGuard CLR™** protects the skin cells from the three main influences on skin aging: external stress, internal stress and time. It reduces wrinkles and improves skin color evenness.

Directions for use: Apply a generous amount in a covering layer on the cleansed skin of the face and let the mask work for 10-20 minutes. Rinse off with lukewarm water or remove with a washcloth. Apply the mask 2 to 3 times a week.

Featured Products

CutiFine CLR™ – The all-in-one skin refiner

CutiFine CLR™ refines skin texture and complexion with soft focus. Conspicuous skin pores are a great concern for consumers, especially for those who have oily and combination skin. As skin ages, skin pores become also more pronounced, making skin pores the latest anti-aging skincare goal for consumers and skincare brands alike.

Based on a synergistic combination of extracts of *Vaccaria segetalis* (Cowherb) and *Adansonia digitata* (Baobab) pulp, CutiFine CLR™ is an all-natural, safe and effective skincare active which goes to the core of the causes leading to conspicuous pores. It works on all important biological processes which lead to pore enlargement, but also reduces the color contrast of the pores with the surrounding skin, an until now largely overlooked but essential feature. CutiFine CLR™ constitutes an all-in-one approach to reduce the conspicuousness of pores.

Dosage: 3.0%
pH range: <6.5

INCI Name:
Water, Vaccaria Segetalis (Cowherb) Extract, Adansonia Digitata (Baobab) Pulp Extract

CutiFine CLR™ is stabilized with pentylene glycol and phenylpropanol.
