

CLR Formulation Concepts

Youth Boost Eye Roll-On

Many people suffer from dark circles, which have a big impact on the healthy look of a person. On top of that, the skin around the eyes is extremely thin and vulnerable and needs a special and sensitive treatment. This light serum contains an intelligent mix of three ingredients and pampers the eye area with an instant feeling of freshness and comfort.

CutiGuard CLR™ protects the skin cells from the three main influences on skin aging: external stress, internal stress and time. It reduces wrinkles and improves skin color evenness. **ProRenewComplex CLR™** safeguards the skin's ecosystem and improves overall skin quality and health. **Belides™ ORG** provides skin with an even skin tone and a beautiful glow.

Directions for use:

Roll on gently under the eye area before and after bedtime.

Featured Products

ProRenew Complex CLR™ – Postbiotic support for skin and its microbiota

ProRenew Complex CLR™ acts on essential features in the aging process of the skin, its ability to successfully adapt to a constantly changing environment and to effectively renew itself.

ProRenew Complex CLR™ positively influences the speed and quality of epidermal growth. It has shown to effectively promote desquamation, the shedding of dead cells. ProRenew Complex CLR™ is beneficial for both the health of skin and the skin microbiota. It balances and protects the skin microbiota and supports it in dealing with day-to-day stress.

Dosage: 3.0%
pH range: 4.0–7.0

INCI Name:
Lactococcus Ferment Lysate

ProRenew Complex CLR™
is preserved with sodium benzoate.

Also available as
ProRenew Complex CLR™ NP,
stabilized with phenylpropanol and
levulinic acid/sodium levulinate.

Belides™ ORG – The natural way of skin lightening

Belides™ ORG is a natural skin-lightening agent, derived from organic daisy flowers (*Bellis perennis*). It is suitable for any skincare concept providing even and luminous complexion and radiant skin.

Belides™ ORG's action is based on a potent, multifaceted reduction in the activity of melanocytes. Belides™ ORG influences different cellular pathways involved in melanogenesis, encompassing the reduction of cellular signaling, tyrosinase transcription, tyrosinase activity and melanosome transfer. These actions lead to even pigmentation and make age spots less visible.

Dosage: 2.0–5.0
pH range: 4.5–6.5

INCI Name:
Bellis Perennis (Daisy) Flower Extract

Belides™ ORG
is stabilized with phenethyl alcohol.

Also available as
Belides™ NP,
stabilized with small amounts of
ethanol, phenethylalcohol,
glycerin and *Melissa officinalis*.

CutiGuard CLR™ – Your Personal Guard

Based on the extremophile red alga *Galdieria sulphuraria*, CutiGuard CLR™ constitutes a refined approach to the first signs of skin aging. It transfers the adaptivity and resilience of *Galdieria sulphuraria* to a highly effective, natural active ingredient that protects the skin in stressful environments.

Skin aging starts in the skin cells, which, during a lifetime, accumulate damage. Extrinsic and intrinsic factors add damage, leading to prolonged inflammation and cell senescence. CutiGuard CLR™ reduces the number of senescent cells and associated inflammatory and destructive mediators which lead to visible skin aging. It thus protects skin against premature aging. CutiGuard CLR™ also reduces wrinkles and significantly improves skin smoothness as well as the evenness of skin color – three crucial factors for a healthy and young appearance.

With its proactive and preventive approach, CutiGuard CLR™ is extremely suitable for modern aging consumers. It slows down the skin aging process and helps to avoid the development of the first signs of skin aging.

Dosage: 3.0%

pH range: 3.0–9.0

INCI Name:

Betaine, Sucrose, Hydrolyzed Rhodophyceae Extract, Water

CutiGuard CLR™ is unpreserved.

CLR Formulation

Youth Boost Eye Roll-On

II-10.138.02

PHASE	TRADE NAME	INCI NAME	SUPPLIER	W/W %
A	Deionized Water	Water		ad 100
	A-Leen 5	Pentylene Glycol	Minasolve	5.00
	Trisodium Citrate Dihydrate	Sodium Citrate	Merck	0.60
B	Sepimax ZEN	Polyacrylate Crosspolymer-6	SEPPIC	0.60
C	ProRenew Complex CLR™	Lactococcus Ferment Lysate	CLR	3.00
	Belides™ ORG	Bellis Perennis (Daisy) Flower Extract	CLR	5.00
	CutiGuard CLR™	Betaine, Sucrose, Hydrolyzed Rhodophyceae Extract, Water	CLR	3.00
D	NaOH (32%)	Water, Sodium Hydroxide		q.s.

Operating Instructions:

Add B to premixed A while stirring. Add C and stir until homogeneous. Adjust pH value to 6.2-6.5 with D, if necessary.

Directions for use:

Roll on gently under the eye area before and after bedtime.

The recommendations and formulations given are based on our knowledge and experience in the field of technical application.

They are, to the best of our belief, correct, but are offered without obligation.

Those who use our recommendations and formulations as well as those who process CLR Active Agents are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies. This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
