

CLR Formulation Concepts

Time Out 2-in-1 Perfect Skin Mask

This 2-in-1 Mask can be used either as peel-off mask or as cleanser. The purifying effect of kaolin has a positive effect on the skin quality. Leaving the formulation on the skin for ten minutes turns the product into a perfect mask for dehydrated and acne-prone skin. As a cleanser it will fight impurities and prepares the skin perfectly for further skin care steps. **ProRenew Complex CLR™** works in synergy with **CutiBiome CLR™** in re-balancing the skin microbiota. It actively promotes desquamation, the shedding of dead skin cells – an important feature in formulations for acne skin. **MultiMoistCLR™** is a smart moisturizer instantly protecting skin from drying out.

Directions for use:

This formulation can be used as facial cleanser or peel-off mask. (see page 2)

Featured Products

MultiMoist CLR™ – Mapping the moisturization puzzle

MultiMoist CLR™ activates production of the vitamin D receptor (VDR) and promotes the VDR's activation. MultiMoist CLR™ also potentiates the effect of vitamin D. As a consequence the skin becomes more moisturized. By making use of 5 different objective instrumental approaches, the immediate and long term moisturizing properties of MultiMoist CLR™ were convincingly proven. Additionally, the activity of MultiMoist CLR™ was proven in a consumer study, where the subjective improvement of skin moisture content, skin smoothness and the look of skin were confirmed.

MultiMoist CLR™ consists of a powerful synergistic blend of fructooligosaccharides and beta vulgaris (beet) root extract.

Dosage: 3.0%
pH range: 3.0–8.0

INCI Name:
Fructooligosaccharides,
Beta Vulgaris (Beet) Root Extract,
Water

ProRenew Complex CLR™ – Postbiotic approach to skin renewal

Based on probiotic technology, ProRenew Complex CLR™ acts on essential features in the aging process of the skin, its ability to successfully adapt to a constantly changing environment and to effectively renew itself.

ProRenew Complex CLR™ positively influences the speed and quality of epidermal growth. It has shown to effectively promote desquamation, the shedding of dead cells. ProRenew Complex CLR™ is beneficial for both the health of skin and the skin microbiota. It balances and protects the skin microbiota and supports it in dealing with day-to-day stress.

Dosage: 3.0%
pH range: 4.0–7.0

INCI Name:
Lactococcus Ferment Lysate

Time Out 2-in-1 Perfect Skin Mask

C	Perfume Black Bamboo WS	Fragrance	VOEGELE	0.31

Operating Instructions:

Slowly add Veegum to the water with high stirring. Mix until hydrated. Add B in the given order and stir until smooth and homogeneous. Add C as desired.

Directions for use:

This formulation can be used as facial cleanser or peel-off mask.

As a cleanser:

Apply in the morning & evening on the wet face, neck & décolleté. Avoid contact with area around the eyes. Massage thoroughly and rinse-off well.

As peel-off mask:

Apply to dry skin and leave for about 10–15 minutes, until the mask dries and lifts at the edges. Peel off mask from one side.

The recommendations and formulations given are based on our knowledge and experience in the field of technical application. They are, to the best of our belief, correct, but are offered without obligation. Those who use our recommendations and formulations as well as those who process CLR Active Agents are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies. This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
