D	Perfume Nivonia Natura	Fragrance	Duellberg	0.30
				100.00

Operating Instructions

Heat up A and B to 65-70°C separately. Add B to A while stirring and homogenize for 2 minutes. Cool down while stirring. Add C below 30°C and stir until homogeneous. Adjust pH value to 5-5.5 if necessary. Add D as desired.

Directions for use:

Use every morning on cleansed skin. Gently massage into the skin.

 $The \ recommendations \ and \ formulations \ given \ are \ based \ on \ our \ knowledge \ and \ experience \ in \ the \ field \ of \ technical \ application.$

They are, to the best of our belief, correct, but are offered without obligation.

Those who use our recommendations and formulations as well as those who process CLR Active Agents are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies.

This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
