				100.00

Operating Instructions

Add B to A and stir until completely dispersed or homogenize with Ultra Turrax until uniform. Add C and adjust pH value to 5 with D. Stir until homogeneous and add E as desired.

Directions for use:

Take a pea-sized drop and gently massage into the skin until absorbed.

The recommendations and formulations given are based on our knowledge and experience in the field of technical application.

They are, to the best of our belief, correct, but are offered without obligation.

Those who use our recommendations and formulations as well as those who process CLR Active Agents are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies.

This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
