				100.000000

Operating Instructions

Mix A and stir until homogeneous. Add B and adjust pH value to 5.2 with C. Add D and stir until uniform.

Directions for use:

After cleansing, apply the spray with closed eyes. Spritz all over your face from about 20-25cm (~9 inches) away. Take it with you for good hydration during the day.

The recommendations and formulations given are based on our knowledge and experience in the field of technical application.

They are, to the best of our belief, correct, but are offered without obligation.

Those who use our recommendations and formulations as well as those who process CLR Active Agents are themselves responsible for the adherence to prevailing statutory regulations and the observance of patent rights as well as other protective rights for other companies.

This formula has been manufactured and stability-tested using a special preservative, but has not been subjected to microbiological challenge tests.
